Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 235 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.Henry Ford once said: quot;History is more or less bunk! quot; Why is that so? The consensual chronology we live with was essentially crafted in the XVI century from the contradictory mix of innumerable copies of ancient Latin and Greek manuscripts (all originals have mysteriously disappeared) and the quot;proofsquot; delivered by the late mediaeval astronomers, cemented by the authority of writings of the Church Fathers. The British Encyclopaedia names Joseph Justus Scaliger (1540-1609) as the founder of the consensual chronology we live with. Scaliger had considered himself a great mathematician and boasted to have solved the classical "ancient" mathematical Quadrature of Circle problem that was subsequently proven insoluble. His principal works Opus Novum de emendatione temporum (1583) and Thesaurum temporum (1606) represent a vast array of dates produced without any justification whatsoever, containing the repeating sequences of dates with shifts equal to multiples of the major cabbalistic numbers 333 and 360. Numerology was considered a major science then and J.J.Scaliger was a prominent cabbalist of his time. The English philosopher William Ockham (allegedly 1225-1279 AD) said: quot;entities should not be multiplied beyond necessityquot; `Ockhams razor` applied to history leaves us with a vision of humankind where civilization comes into being in the VIII- X centuries at the earliest, if civilization is understood as a hierarchical system consisting of state, army, ideology, religion, communication and writing. Neither J.J.Scaliger nor his followers, clergy or humanists have paid much attention to Ockhams law when they crafted Roman and Greek Antiquity. Their clients were condottieri upstarts who were seeking legitimacy in days of yore in order to become Popes, Cardinals or to found regal dynasties such as the Medici. They paid exceedingly well for a glorious but fictitious past. Thorough research shows that there is literally...
