Reviews

*A whole new electronic book with an all new perspective. It is one of the most incredible book we have read. Your way of life span will likely be convert when you comprehensive reading this article book.
(Spencer Fay)*

CYSTIC FIBROSIS (2ND REVISED EDITION)

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Cystic Fibrosis (2nd Revised edition), Alex Horsley, Steve Cunningham, J. Alastair Innes, Cystic Fibrosis (CF) is a multi-system disorder, requiring not just respiratory expertise but also management of nutrition, diabetes, musculoskeletal and psychosocial issues. This pocketbook is a concise companion for all health care professionals who manage patients with CF. The book covers all aspects of care, including both paediatric and adult-specific issues, and summarizes up-to-date literature in a concise and focussed style. There is an emphasis on the practical aspects of management with separate chapters covering the effects of CF in the lung, the microbiology of pulmonary CF, and management of exacerbations. Psychosocial aspects of CF care, end of life care and lung transplantation are also covered, and potential future therapies reviewed. This second edition has been extensively updated to reflect the UK CF Trust Standards of Care, treatment guidelines and Cochrane reviews. There are updates on emerging organisms; an expanded section on physiotherapy; and a new Pharmacopeia that covers all common CF medications.
